

Simply a SMARTER Way to Work

MFX-3510

Print

- Up to 37 page-per-minute printing / Standard duplex (two-sided) printing
- Standard PCL 5e / XL printing (Windows, Linux, UNIX, AS/400, SAP and more)
- Optional PostScript 3 printing (Macintosh support, PDF direct printing)
- Standard 500-sheet paper cassette and 100-sheet multipurpose bypass tray

Scan

- 80-sheet automatic document feeder (ADF) enables monochrome scanning at up to 25 images-per minute and color scanning at up to 8 images-per-minute
- Standard scanning to e-mail, PC folder, FTP and USB flash drives (PDF, TIFF, JPEG)
- Scan at up to 600 x 600 dpi

Fax

- Standard fax features include a 33.6 Kbps fax modem, 1,000 location address book, broadcasting, group dialing and confirmation reports
- Integrates with a variety of fax server applications
- Archive outbound fax and e-mail transmissions to create an audit trail of communication
- Send faxes directly from PC applications using the simple PC fax driver

Copy

- Copy documents from the 80-sheet ADF or legal-size platen glass
- Card Copy mode enables users to capture both sides of a card or check-sized document seamlessly
- Automatic mixed original detection can detect letter & legal size documents in the ADF and produce output on the appropriate paper size (if both sizes have been loaded)

BUSINESS-CLASS DOCUMENT SOLUTIONS

+ 3510CAB
(1,100 sheets)

Scanning Highlights

- Scan color documents at up to 600 × 600 dpi. Scan documents at up to 25 images-per-minute using the automatic document feeder (ADF).
- Quickly scan documents into file folders on your PC or network.
- Scan documents directly to e-mail addresses. Use the QWERTY keypad to create a custom attachment name (document being scanned) or to add processing instructions to an outbound e-mail.
- Integrated address book can store up to 1,000 contacts, each containing a fax number, e-mail address and group locations. Mixed broadcasting (fax/e-mail) is supported.
- Scan documents directly to a USB flash drive.

Printing Highlights

- Deliver single-sided output at 37 pages-per-minute, or duplex output at 10 pages-per-minute.
- Secure printing suppresses print jobs until a password has been entered on the control panel.
- Standard PCL 5e / XL printing support (Windows, Linux, UNIX, AS/400, SAP and more)
- Optional PostScript3, Direct PDF and barcode printing support (supports UPC/EAN, Interleave 25, Code 39, Code 126, PostNet and more).

Copying Highlights

- Legal-size platen glass captures multipart forms, carbon papers, plastic identification cards and more.
- Card copy mode allows for the seamless copying of two-sided driver's licenses and/or insurance cards.
- 5 second first-copy-out-time (FCOT) and 27 second warm-up time.

Faxing Highlights

- Route inbound fax documents to another fax location, e-mail address or PC folder.
- The optional e-mail gateway feature enables users to send documents from the MFX-3510 through a network fax server.
- Send documents directly from PC applications using the simple PC fax driver.
- System administrators can automatically archive all inbound and outbound communications, including both fax and e-mail transmissions, to create an audit trail of usage.

Additional Highlights

- "My MFP" mode enables each user to access commonly used features on a single screen, regardless of which mode the feature is located in.
- Standard 500-sheet paper cassette (letter/legal). Add (1) 500-sheet paper cassette to increase the total paper capacity to 1,100-sheets.
- 100-sheet multipurpose bypass tray is the perfect solution for printing envelopes, labels and more (20-43 lb)
- The optional 2-bin output tray can physically separate copy, fax or print jobs to create a distribution-ready stack of documents.
- 5-line LCD simplifies user operation and job execution.
- Compact footprint enables the installation of the MFX-3510 on the desktop or within a crowded workspace.
